You cannot NOT communicate

When you're not speaking, when they're not speaking, it's body language that counts. This mini-book is an invaluable guide, helping you identify and interpret 51 different gestures - the information and emotions they signal.

Widen your competence; read their messages, deliberate or unintentional, and understand how your own gestures can affect others.

Antoni Lacinai, communication expert, helps his clients develop their communication skills for various meeting situations.

With a background in sales, marketing and management, he has always been interested in why some people are so much better at communicating than others.

Since 2006, Antoni Lacinai has been a coach, public speaker and moderator, writing several books on adjacent topics like goal setting, meeting management and virtual/remote leadership.
